Harvest

An eclectic mix

Harvest's authentic, hand-crafted look appeals to everyone.

The genuine hand finished pieces reflect the 'farm-to-table' philosophy so popular in today's dining out culture. Every item has unique features like 'wobbly' edges purposely built into the design.

Uniqueness does not come at the expense of quality. Sharing menus, street food, relaxed dining – use it how you want. From coffee shops to fine dining restaurants and everything in between, Harvest will stand up to everyday use.

The extensive range includes flat and holloware items available in Linen, Green, Brown, Natural and plain White. Add a 'pop' of colour with a choice of bowls and dip pots in the complementary colours of Mustard, Coral and Blue.

The current trend for sharing is covered by a variety of bowls in different shapes and sizes, all with the hand finished detailing that underlines its rustic appeal. Whatever your particular service requirements, items can be mixed and matched to suit.

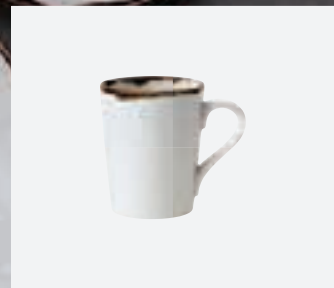

Your peace of mind.
As part of our Finest Vitrified Tableware range, all items are covered by the Dudson Lifetime Edge Chip Warranty. (Ts & Cs apply.)*

Evo

Character born from tradition.

Evo has been designed with the appearance of hand-thrown pottery. The variance in colour makes every piece unique. Its homely charm adds a touch of warmth to any tabletop.

With Evo, it is all about complementing the food. Put food on it and it immediately springs to life. Evo's unlimited appeal lies in its ability to look at home in any surroundings, whatever the menu style.

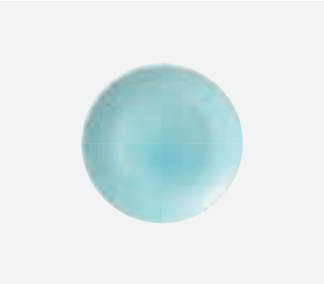

Although it may look hand-crafted, Evo is supremely practical. The range includes flatware and holloware as well as a selection of bowls perfect for sharing menus and bowl food. Whatever your particular service requirements, items can be mixed and matched to suit.

Choose from colours inspired by Nature - Sand, Pearl, Jet and Granite. Add a touch of sophistication with Ice, a new contemporary colour available on a selected number of items.

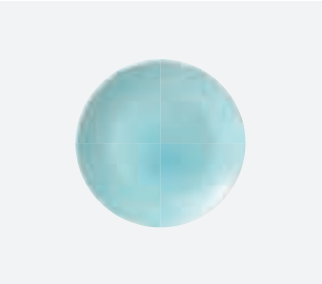

Your peace of mind.
As part of our Finest Vitrified Tableware range, all items are covered by the Dudson Lifetime Edge Chip Warranty. (Ts & Cs apply.)*

Fine China

We understand your business.

We know that chefs do not create dishes within the constraints of a tableware range. Some dishes may need the simplicity of a plain white bowl, while others may need colour or a decoration to set them off.

The dish itself dictates the choice of tableware. That is why you can mix and match any of our products according to your creative instinct.

Delicate and tough.
Elegant, translucent and exceptionally strong, our Fine China products combine the delicate qualities of fine bone china with the strength of vitrified tableware.

Because we only use the best raw materials, our products can withstand the tough conditions of a professional kitchen. They last longer, so you don't need to continually buy replacements.

And of course, it goes without saying that every item is industrial dishwasher and microwave safe (except for those with metallic decorations).

Attention to detail.
Along with translucency and strength, each piece has been designed with food service in mind. All Fine China products have been engineered to perfectly frame any dish. Extra touches like 'well' details and fine rims highlight its refined appearance, and a wide range of sizes will suit every need.

All of our flat items have a fully glazed foot. This means there will be less abrasion and scratching when using them.

We have confidence in our products.
In fact, we are so confident that our Fine China range is fit for purpose that the Dudson Lifetime Edge Chip Warranty is now available on everything, yes **everything** we manufacture in our Stoke-on-Trent factory*.

Finest Vitrified Tableware

We understand your business.

We know that chefs do not create dishes within the constraints of a tableware range. Some dishes may be ideal served in a plain white bowl; while others may need colour or an unusual shape to set them off.

The dish itself dictates the choice of tableware. That is why you can mix and match any of our products according to your creative instinct.

In-built quality is guaranteed.

Strong, fit for purpose and with exceptional longevity, all our Finest Vitrified Tableware products carry the British Standard 4034 Kitmark™ as a sign of quality you can trust.

Because we only use the best raw materials, our products can withstand the tough conditions of a professional kitchen. They last longer, so you don't need to continually buy replacements.

And of course, it goes without saying that every item is industrial dishwasher and microwave safe.

Form and function.

Along with quality and strength, every item has been designed with your kitchen in mind. There are stacking items, space-saving shapes, and of course, a range of sizes to suit every need.

All of our flat items have a fully glazed foot. This means there will be less abrasion and scratching when using them.

We have confidence in our products.

In fact, we are so confident that our Finest Vitrified Tableware range is fit for purpose that the Dudson Lifetime Edge Chip Warranty is now available on everything, yes **everything** we manufacture in our Stoke-on-Trent factory.*

Custom Design.

Sometimes, our customers may want something more personal than we can offer from our standard ranges.

**Something more bespoke.
Something unique.**

It doesn't matter whether you require an ornate design or a simple badge and band. We offer flexibility based on your resources and your timescales.

Our design team is on-hand to discuss your requirements. They can translate your design brief into something that will work on ceramics, which is quite different to printing on paper because of the materials and firing processes used.

From a 'blue sky' concept to taking those ideas and producing plates that fulfil your brief, the team is there to talk you through the process.

They work with you.

There are so many different options and methods in creating a design, that the process can seem confusing, and even daunting.

The team is there to take the complications away.

They liaise with other departments – customer service, sales and the production team – to ensure an efficient process. They provide guidance, support, ideas and suggestions.

Dudson cares that it is right for you.

Bowls

Here is a small selection of contemporary bowls for today's modern dining styles.

1. Chefs' bowl 3PLW553X 3" 7.6cm 1¾oz 4.9cl	5. Chefs' bowl 3PLW595X 8" 20.3cm 38½oz 109.2cl	8. Bowl 3PLW512X 3⅝" 9.4cm 7½oz 21cl

Cutlery

Traditional to contemporary.

From the classical to a modern hammered finish, there is a cutlery range for every style of interior and every dining occasion.

We have selected a number of patterns that complement Dudson tableware, so you are bound to find something to match.

Ergonomically designed.

Cutlery has to have the right 'feel' as well as the right look.

The weight and balance of a knife has been created so it is comfortable to hold when cutting.

The depth of the bowl on a spoon has been devised so it is efficient to eat with.

The prongs on a fork have been designed at the right length and shape to spear food without it falling off.

So, great cutlery design really does matter.

Premium quality.

All the cutlery ranges we offer are produced in high gauge 18/10 stainless steel. But what does this mean to you?

- 18% chromium content means it is hard-wearing.
- 10% nickel content means it has superior rust resistance and a shinier finish.

So, all of our cutlery is suitable for hospitality service and is industrial dishwasher safe.
